GRAPHIC DESIGNER

The Global Forum on Urban and Regional Resilience (GFURR) is hosting the first Blacksburg Blockchain Summit (Summit) on April 20, 2018 and is in need of a short-term, contract graphic designer to help us establish the events brand and visual identity.

JOB RESPONSIBILITIES:

- Design a logo for the Blacksburg Blockchain Summit, which can be used at a variety of media, including letterheads, website banner, large-scale posters, and a variety of print materials.

APPLICATION INFORMATION:

- Please submit a brief graphic design portfolio and pay requirements to Ben Coleman (bencolem@vt.edu) as soon as possible, but no later than **February 9**.
- *GFURR is also looking for a contract web designer and administrator for this event as well, if you would like to submit for these contract positions please include those portfolios by the date above.*

ABOUT US:

The Global Forum on Urban and Regional Resilience at Virginia Tech brings together university researchers and partner organizations to facilitate conversations about patterns and processes of urbanization and regional development, with a special emphasis on the long-term resilience of places and communities. The particular focus of the Forum is the evolutionary and transformational resilience of cities and the way that places adapt – or not – to flows of capital, people, resources, and ideas.
